

# Hakomatic B 910

Slim line, manoeuvrable,  
efficient.

Contract  
Cleaning

# Hakomatic B 910

## Compact, quick and safe.

Uncompromising, powerful basic and maintenance cleaning combined with a high degree of drive comfort are features of this scrubber-drier.

- Powerful, efficient pre-sweep, which collects the loose dirt in the dry area in front of the scrubbing brush (option). ①
- As a result of the slim line, compact construction the machine fits through practically every normal doorway. Clearance width 70 cm. ②
- Standard connection for hand-held scrubbing and vacuuming device (tool) for thorough cleaning of corners and angles.

- As a result of the centralized arrangement of the driver's seat optimum view of the working area. ③
- Very easy operation: the green Hakomatic button starts all working functions at the push of a single button. ④
- The parabolic squeegee ensures an excellent suction result even when negotiating corners and on problem floors.

Further advantages:

- The "Hako Control System": the machine is programmed by us according to your requirements. E.g. brushes and water stop when the machine comes to a standstill.

- Up to 50% saving in terms of water and cleaning agent as a result of the Hako Aqua Stop System.
- Electronic diagnostic system for considerable savings in terms of service.
- Powerful, efficient drive motor with power reserves for gradients of up to 10%.

■ Up to 40% cost saving as a result of the pre-sweep; no need to use an additional sweeper. ⑤

■ Cockpit can be accessed from both sides. ③  
All operating elements are within direct view and reach.  
Adjustable driver's comfort seat for comfortable, fatigue-free work.

■ Brushes and pads can be changed in a flash without tools. ⑥

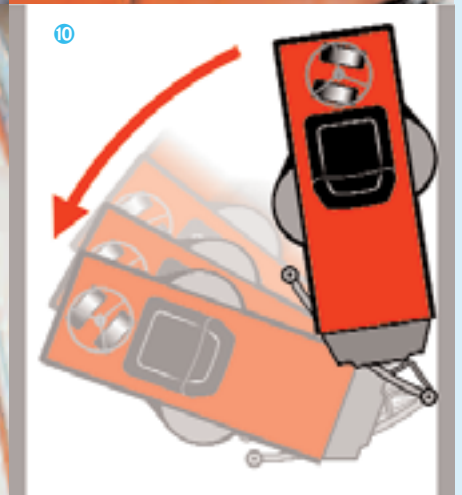

■ Easy access to the battery system with quick change device (option). ⑦

■ Large flexible wall tank with 140 l volume. ⑧  
Outlet hoses with dosage device for quick emptying.

■ As a result of the brushes, which protrude to both sides and the suspended, free-floating squeegee, working close to the edge is no problem. ⑨

■ Extremely manoeuvrable. The turning radius of only 120 cm makes cleaning possible – even in narrow aisles/corridors. ⑩

■ **Hakomatic B 910**  
For perfect maintenance or basic cleaning. Extremely manoeuvrable, compact, easy handling, powerful and efficient.

## Technical Data

### Hakomatic B 910

Working width	cm	88
Squeegee width (option)	cm	110 (96)
Area performance, theor.	m <sup>2</sup> /h	5300
Working speed, up to	km/h	6
Running time, up to	h	4
Rated voltage	V	24
Protection class (VDE 0700-72)		III
Air flow, vacuum	m <sup>3</sup> /h	118
Pressure	mbar	170
Power/output, drive motor	W	820

### Dimensions:

Length with squeegee	cm	191
Length with squeegee/ sweeper	cm	237
Width without/with squeegee (Option)	cm	93/110 (96)
Height above driver's seat	cm	137
Unladen weight, without batteries	kg	365
Weight, ready for operation	kg	760

### Hakomatic B 910

Power/output, brush motor	W	820
Power/output, suction motor	W	550
Number of brushes	Units	2
Brush diameter	cm	46
Brush revolutions	rpm	240
Brush pressure, up to	kg	60
Specific brush pressure	N/cm <sup>2</sup>	0,25
Flexible wall tank	Litres	140
Climbing ability	%	10
Specific wheel pressure, front/ rear	N/mm <sup>2</sup>	0,44/0,62
