

Hako-Hamster 800

NEW

For dust-free cleaning of smaller and medium-sized areas.

Industrial
Cleaning

Hako-Hamster 800

The advantages at a glance.

Greater sweeping performance, highest degree of hopper filling as well as effective work and long machine life.

- High sweeping performance/capacity thanks to the large main broom
- Maximum hopper filling as a result of overhead throwing principle
- Large side brush overlap when negotiating corners
- Large debris flap to collect larger rubbish as well
- Powerful dust binding with access to the filter from the clean side, effective filter shaker device
- Take-It-Easy 2 hopper system for comfortable emptying
- Quiet industrial petrol engine (Hamster 800 V)
- Maintenance-free battery drive with on-board charger (Hamster 800 E)
- Swivelling handlebar for easy access to and opening of the dirt hopper and to throw in coarse debris
- Parking brake with automatic release when starting
- Robust steel frame

Technical Data

Hako-Hamster		800 E	800 V
Sweeping width	mm	670	670
With side brush	mm	870	870
Sweeping performance VDMA 24441 without side brush	m ² /h	3.350	3.350
Sweeping performance VDMA 24441 with side brush	m ² /h	4.350	4.350
Dirt hopper volume	Litre	2x25	2x25
Filter area	m ²	1,6	1,6
Power output Hamster 800 V	kW	-	3,3
Power output Hamster 800 E	W	600	-
Battery system Hamster 800 E	V/Ah	24/70	-
Sweeping speed	km/h	5,0	5,0
Weight, ready for operation	kg	165	112
Width	mm	850	850
Length (with folded handlebar)	mm	1.100	1.100
Height (with folded handlebar)	mm	715	715

Opening the hopper and convenient emptying of the individual hoppers

We reserve the right to change the shape, colour and design of machines in the interests of continued technical development.
