

Hako

**Superior technology
for contract cleaning**

Battery-driven automatic polisher Hako-Speedpolisher B 75

NEW!

Highest efficiency, easy handling and variable speed add up to a perfectly brilliant polishing result on any type of floor.

**Hako –
perfect from
product
to service**

Battery-driven automatic polisher Hako-Speedpolisher B 75. Up to 3,600 m²/hour brilliantly polished floors.

You want
**more power,
comfort
and efficiency?**

By its perfect handling and maximum performance features, the Hako-Speedpolisher guarantees the highest degree of efficiency and ergonomics.

Variable working widths of up to 75 cm, variable working speed, adjustable handle, variable speed control, high manoeuvrability and dust extraction allow effective and ergonomic working.

Easy pad and brush changing due to vertical positioning of the polishing unit. Variable working speed allows working on all types of floors. Two gimbal drive plates guarantee optimum adaptation to all floor conditions.

A 36V-battery system ensures long running times. Easy access of batteries. The optional battery change system makes available up to 4 hours of uninterrupted working.

The low-noise but high-performance dust extraction by cassette filter guarantees a high degree of clean air at the working place. These reduced noise emission parameters allow daily use in clinics either.

The adjustable guiding handle makes individual working and transport adjustments easy. All operating elements are arranged in direct reach and sight. Continuous regulation of wheel drive in forward and reverse mode via rotary handle.

Technical Data Hako-Speedpolisher

B 75

Working width	cm	55-75
Theoretical surface performance	m ² /h	3600 (2900)
Max. operational speed	km/h	4,8
Speed	1/min	1200-2200
Working tool		Pad
Pad ground pressure	kg	8-15
Nominal voltage	V	36
Pad motor power consumption	W	2000

Dimensions and weights

Length, operable	cm	153
Width (with working tool)	cm	60-80
Height, operable	cm	107
Weight without batteries	kg	124
Weight with batteries	kg	244

In the interest of technical development we reserve the right to alter equipment without prior notice.
