

Hako Defoam

Anti-foaming

Product description	Anti-foaming agent.
Properties	Neutral anti-foaming agent based on silicone. Hako Defoam is designed for use in the waste tank in scrubber-drier machines and carpet extraction machines.
Usage	Hako Defoam is suitable for use in the waste tank of scrubber-drier machines and carpet extraction machines to prevent formation of foam. The vacuum motor of the machine can get damaged when foam reaches the motor.
Dilution	Scrubber-drier machines: 50 - 250 ml per 100 litre waste tank capacity. Carpet extraction machines: Add 100 ml per litre clean, cold water. Use 50 - 250 ml solution per 10 litre waste tank capacity.
Instructions	Distribute Hako Defoam or the Hako Defoam solution over the walls of the waste tank of the machine.
Technical data	
pH value undiluted	About (7)
Scent	Characteristic
Colour	White
Density	1 g/ml
Order unit	99702000 Box of 2 x 5 litre jarrycans

General data:

- Manufactured by Hilco Chemie B.V., a division of the Hako group
- Store frost-free, keep cool and dark. Can be kept / stored in unopened packaging for 12 months.
- Hako does not accept any responsibility / liability caused by incorrect or wrong usage.
- A safety data sheet (SDS) is available upon request for the professional user.
