

We are Hako

Quality of life for all through cleanliness and safety.

We inspire our customers with our innovative machines and services in Cleaning and Municipal Technology. First-class support and service characterise our customer relationships. As market leaders, we invest sustainably in the future viability of the next Hako generations.

Willingness to embrace change →

← Courage

Innovative solutions

Connected machines. Smart services. Robotics.

Municipal Technology

Safety and quality of life in public spaces

Cleaning Technology

Conventional and autonomous – achieving cleanliness efficiently

Courage and a willingness to embrace change make the future possible.

We work in an agile manner within interdisciplinary teams.

We see diversity as a strength.

We embody team spirit without barriers.

Open communication brings us together.

Feedback fosters learning and development.

Closeness to our customers drives innovation.

Appreciation and trust make us strong.

We act sustainably and take responsibility for future generations.

We are Hako.
